**Bang On A Can**
**Sound Rider**
**SAMPLE 2018**

**FOH**
A speaker system capable of delivering 100dB(A) to all areas of the auditorium from 20 - 20000HZ without distortion with sub bass units (preferably driven from an auxiliary send).
Particular attention should be given to side seats and extreme front seating. Flown or part flown systems are preferable and also help to avoid audience sightline problems. Preferred brands Meyer, L-Acoustic, D&B & EAW. Please: no “home made systems”.
The whole system should be quiet and completely free of noise as the band have a very broad dynamic range, which can easily be compromised by a “noisy” system. The console must be positioned in the centre area of the venue NOT under balcony or in booth.

A minimum 48 input digital console. Digidesign S6L/D Show/SC48, Yamaha CL, Digidesign D Show Profile/Venue No Roland, Mackie, Behringer or semi-professional consoles. 3 discrete sends to the monitor console from FOH are required.

**Monitors**
Minimum 48 input digital monitor console with at least 12 discrete outputs.
1 ways of wireless in-ear monitor
6 Wedges on 6 sends + cue
Wedges should be low profile, high quality and all be the same (bi-amped preferred) e.g. Meyer UM1, Clair 12AM. The monitor system must be quiet and free of noise.

**Mixes – Wedges**
1 – Drums
2 – Percussion
3 – Bass
4 – Cello – stereo wired IEM mix we supply pack
5 – Piano
6 – Keyboard
7 – Clarinet

**IEM’s**
1 – Guitar
2 - Cello – wired we supply
Bang on a Can Video Specification (if required)

The source will be out of a Mac laptop positioned at the **FOH sound mix position**

1. Video projector, minimum 1280 x 720 resolution, with lens suitable for front or rear projection depending upon stage depth – for stages less than 15M depth front projection will be required as the band require 10M depth.
2. Video seamless switcher with 2 x inputs for HDMI/DVI with preview monitor positioned at FOH sound console
3. Front or rear projection screen of a suitable size for venue (min. 16x9ft) with suitable masking for top bottom & sides.
4. A skilled video technician familiar the equipment supplied.

Appropriate signal splitters, and cabling, for cable runs of over 20m please supply suitable distribution amps or preferably a CAT5 based system.

The video projector may need to be placed in a sound proof box to limit fan noise as the music has extremely quiet passages, but the players and switcher MUST be positioned at the FOH sound console and comms should be provided to the projector position.

All cabling from laptop onwards must be provided.

**Lighting**

A basic lighting plot consisting of six colour washes (red, blue, amber, green, purple, yellow) and adequate top and back lighting to light performers & instruments is essential, along with specials for each playing position (10 in total) If you think your venue will have difficulty in providing this please consult with our tour manager well in advance of the concert date, (contact numbers can be found on the last page of the sound rider).

The group requests an experienced lighting operator who is used to theatrical lighting as opposed to classical concert lighting. The lighting will be plotted before sound check and then finalised after the rehearsal.

The use of moving lights will enhance the look of the show as will a Hazer if available.

LED’s should be used wherever practical as a measure to reduce power consumption.

**Lighting Schedule**

Primarily, focusing should be scheduled to take place after the stage has been set and BEFORE the band arrives (usually the early afternoon since the band usually arrives around 2-3pm for sound check). Touch-ups can take place during the sound check. A cue sheet is below with exact cues on it. The lighting technician/operator must be available for the sound check so the group can check light levels for reading music.

2 Bass Stools
2 Guitar Stands
2 Percussion stick trays

**Please note:** Final Percussion/Backline is contingent on the concert program.
General Information & Schedule

Personnel
Actual crew numbers to be determined in discussions between house crew heads and Bang on a Can production people.

Bang on a Can expects to provide during Tech Rehearsals & show:
1 - Sound Designer/Front Of House Audio Operator

Bang on a Can sound engineer will operate the FOH console for the show and must be allowed full access to all components of the sound system (cross-over’s, processors, eq’s etc.). In installations with fixed eq another equalizer must be provided for our engineer.

Venue will provide during Load-in, Technical Rehearsals and Strike (as necessary):
1-2 electricians familiar with the venue
1 monitor engineer
1 audio system technician
1 video system technician
2 stagehands for load in and load out of bands equipment these will need to be backline techs as well or 1 should be provided.

SAMPLE SCHEDULE: Day of 1st Performance
8am-1pm: Venue crew finalizes all sound, projection, load in and pre-set backline
1pm – 3pm BoaC crew finalise stage set up, test audio, video & plot lighting
3-3.30pm: Musicians arrive, final setup
4-6pm: Sound check/Rehearsal
6-7pm: Break, Piano Tuning, Dinner
7:30/8pm: Performance

General
The P.A. & Projection systems should be set up and tested before the musicians arrive. All mic lines and monitors should be laid out and proven.

The venue will supply all cabling and mic stands, which should be in good working order and have booms; black stands are preferred (see input list).

Please contact us to discuss if any of the above causes concern or you have any questions regarding our technical set up. Substitutions are always possible to some degree but please call first to discuss them.

AC power drops should be provided on stage as per stage plan delivering 110V 60 Hz as well as suitable power for local backline.

Should you have any questions regarding this rider please contact Kenny Savelson, Executive Director/Bang on a Can; ph 718 852 7755, fx 718 852 7732, email: Kenny@bangonacan.org or production manager Sruly Lazaros: sruly@bangonacan.org, Sound engineer Andrew Cotton, +447802 218 924, andrewcottonsound@gmail.com

Initial............................................................... Date.......................
BANG ON A CAN ALL-STARS
HOSPITALITY/CONCESSIONS/GUEST TICKETS RIDER

HOSPITALITY

a) DRESSING ROOM HOSPITALITY is to be provided by presenter at the time of artist’s arrival. Presenter agrees to provide the following at no cost to artist:
- Fresh Coffee (regular and decaffeinated)
- Herbal and regular tea
- Non-carbonated water (no gas)
- Sparkling mineral water
- Soda
- Dry red and white wine (1 bottle of each)
- Quality beer (12 bottles) - local brewery preferred, if available
- Milk, Sugar, Honey, 2 fresh lemons
- Fruit Bowl: (Bananas, Melon, Grapes, etc)
- Vegetable Plate with Yogurt Dip: (Celery, Carrots, Broccoli, etc)
- Deli Tray including sliced cheeses, non-red meats (turkey, chicken), sliced tomatoes and cucumbers, mustard & mayonnaise
- Fresh Bread for sandwiches
- Candy Bars, fresh nuts
- Napkins, Glasses, Plates, Knives, Forks, Bottle Opener, Trash Can

b) CATERING is to be provided immediately following soundcheck (2 hours prior to performance) or after the concert performance: Eight (8) well-balanced hot meals including vegetarian options.

CONCESSIONS
Presenter agrees to provide a concession stand (conference-style table, chair, etc) with a salesperson present throughout the duration of the concert period, including both intermission and for a reasonable amount of time immediately after the concert has ended. The concession stand shall be set up in a centrally located, visible area inside the concert hall preferably by an entrance. All sums received from the sales of Artist's merchandise will be paid to Artist by Presenter immediately after the concert.

TICKETS
Ten (10) complimentary house tickets from among the highest priced tickets for each performance, unless agreed otherwise in advance. This allotment is in addition to any tickets offered by Presenter to the press, to the staff and panelists from state, regional or federal music and arts agencies. Presenter will be the only party authorized to issue such complimentary tickets.
